Detailed Action

This is the third Office Action corresponding to amendment filed Nov 18, 2005. The application contains 21 claims, numbered 1, 2, 7-12, and 23-35. Claims 3-6, and 13-25 have been cancelled. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 23-25 are rejected under 35 U.S.C. 103(a) as being unpatentable over Washburn (Pat No 5,678,609).

The patent to Washburn discloses a cable management system comprising an elongated support (24), a holding element (25) coupled to said support member, and also having another holding element (26) for receiving a second element (32). The elongated support and second element are the full equivalent of the support member and line of the instant invention. Note that the elongated support member is a cable, which obviously can be a coated cable. The flexibility of the cable would be inherited to the specific material or strength of the material from which the cable is being made, which has been held as a matter of engineering choice, or expediency.

Allowable Subject Matter

Claims 1, 2, 7-12, and 26-35 are allowed.

Conclusion

The patent to Semak (5,226,456) is cited to show another device of interest.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
